

SUPPLY LIST

Winter Year 3

Lessons 28-48

Stewardship Note: Kids Kount Publishing recommends using a wide variety of resources with our lessons. This supply list is a guide. Our curriculum is meant to be adaptable, and this includes your selection of supplies. Feel free to substitute videos and crafts similar to the ones suggested. Check for items you may have on hand and adapt as needed. You may be able to use videos from your city library, video rental store, and members of your congregation or other churches.

If you are comfortable ordering over the Internet, new and used sources are available for videos and supplies at various prices.

Your ideas are a major resource in making this curriculum work for your children's ministry. You can help others by emailing your suggestions to info@kidskountpublishing.com.

Safety and Security: Safety and security procedures are important for each church to carefully define and implement according to their unique needs. The security, safety, illness and accident procedures described in this curriculum are provided for example purposes only and may not be appropriate, applicable or adequate for every situation. Each church is responsible for determining whether any security, safety, illness and accident procedures contained in the curriculum are appropriate, applicable or adequate for its unique situation. The activities described in this curriculum require adult supervision and may not be suitable for each child and each situation. Each church is responsible for ensuring that adequate adult supervision is provided for all activities and for determining whether an activity is appropriate for each child and each situation. Kids Kount Publishing disclaims all liability for the implementation of any procedures or the performance of any activities described in this curriculum.

**REAL LIFE
STORIES
OF
GOD
SIGHTINGS**

For this week's lesson, have an incense stick burning in the back of the room or in the hall. A child will look for the origin of the scent. Post this clue next to the burning incense:

“This person had the job of burning incense inside the Holy Place in the temple of the Lord. Only a person of this occupation could enter to do it. What was his occupation?”

In another more obvious location, place a comb with a strand of gray hair taped to it along with the following clue.

“This person had hair of this color. Why was it this color and how old do you think this person was?”

Appendices for Lesson 29- 4 pages

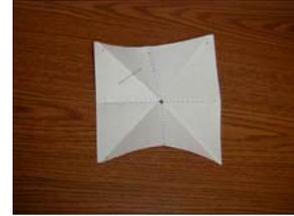

Place this week's clue with the baby pacifier:

This lady emptied herself of all of her own “I wants” and was very humble. Therefore, God gave her special honor and she became a special mother. Who was she?

Directions for Folding the “Humble Box”

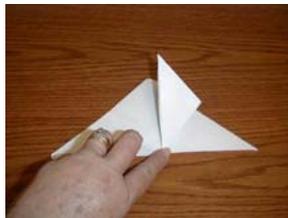

Step One: Put Creases in the Paper

- Place paper, print side up, on a flat surface to fold
- Fold “A” to “C,” then unfold.
- Fold “B” to “D,” then unfold.

Step Two: Join the lines

- With the print side up and #3 nearest to you, fold all dotted lines so they are touching each other in the center (folded on line to point #3).
- Press in the folds. The end product will look like a triangle with inverted portions on each side.

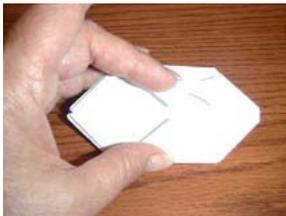

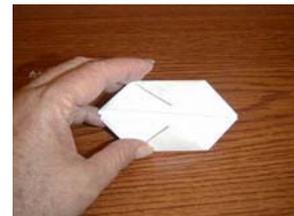

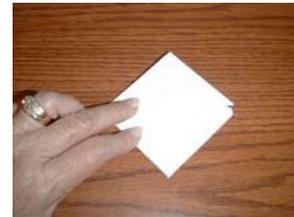

Step Three: Making a square

- With the triangle in front of you, take the right top layer corner flap and fold the tip to the peak of the triangle. Do the same with the left corner. Press in the folds.
- Turn the project over and do the same with the opposite side of the triangle.
- Finished product will be a square.

Step Four: Making the “Humble Box”

- With the square in front of you, turn it so it appears like a diamond and the edges in the middle of the square lay horizontal.
- Take the top corner of the top layer and fold down, pressing the fold lines, so that the tip touches the horizontal line. It will make a small triangle of the folded section.
- Fold the bottom tip to the horizontal line – pressing down the fold lines.
- Turn the paper over and repeat the process.

Step Five: Tuck in the flaps

- Pick up the folded paper and notice that there are four unfolded ends on one side. These need to get tucked into the most recent triangle folds. Tuck them as tightly as you can.

Step Six: Inflate

- Blow **firmly** into the opening you find in the side of the project. It will inflate.
- Crease corners to give it the look of a box. Look inside to see the cross.

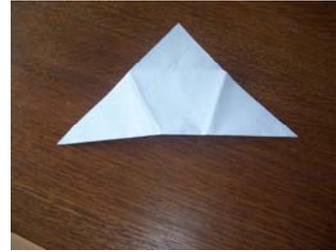

Option:

For those too young or those finding this difficult, the paper can be informally cupped into a circle, print side to the inside

OPTION: Paper Fold Cup

For those too young or those finding this difficult, the paper can be folded into a cup.

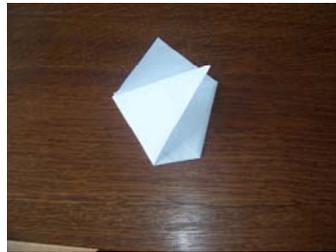

1. With print side to the inside, fold corner C to corner A and crease on the fold so you have a triangle shape.

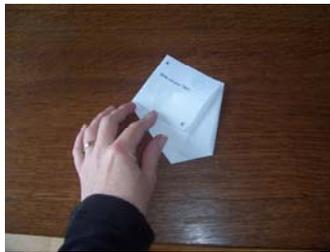

2. Next, fold in point B to opposite side and crease.

3. Likewise, fold point D to opposite side and crease so you have a pentagon shape.

4. Fold back flaps A and C to the outside and crease

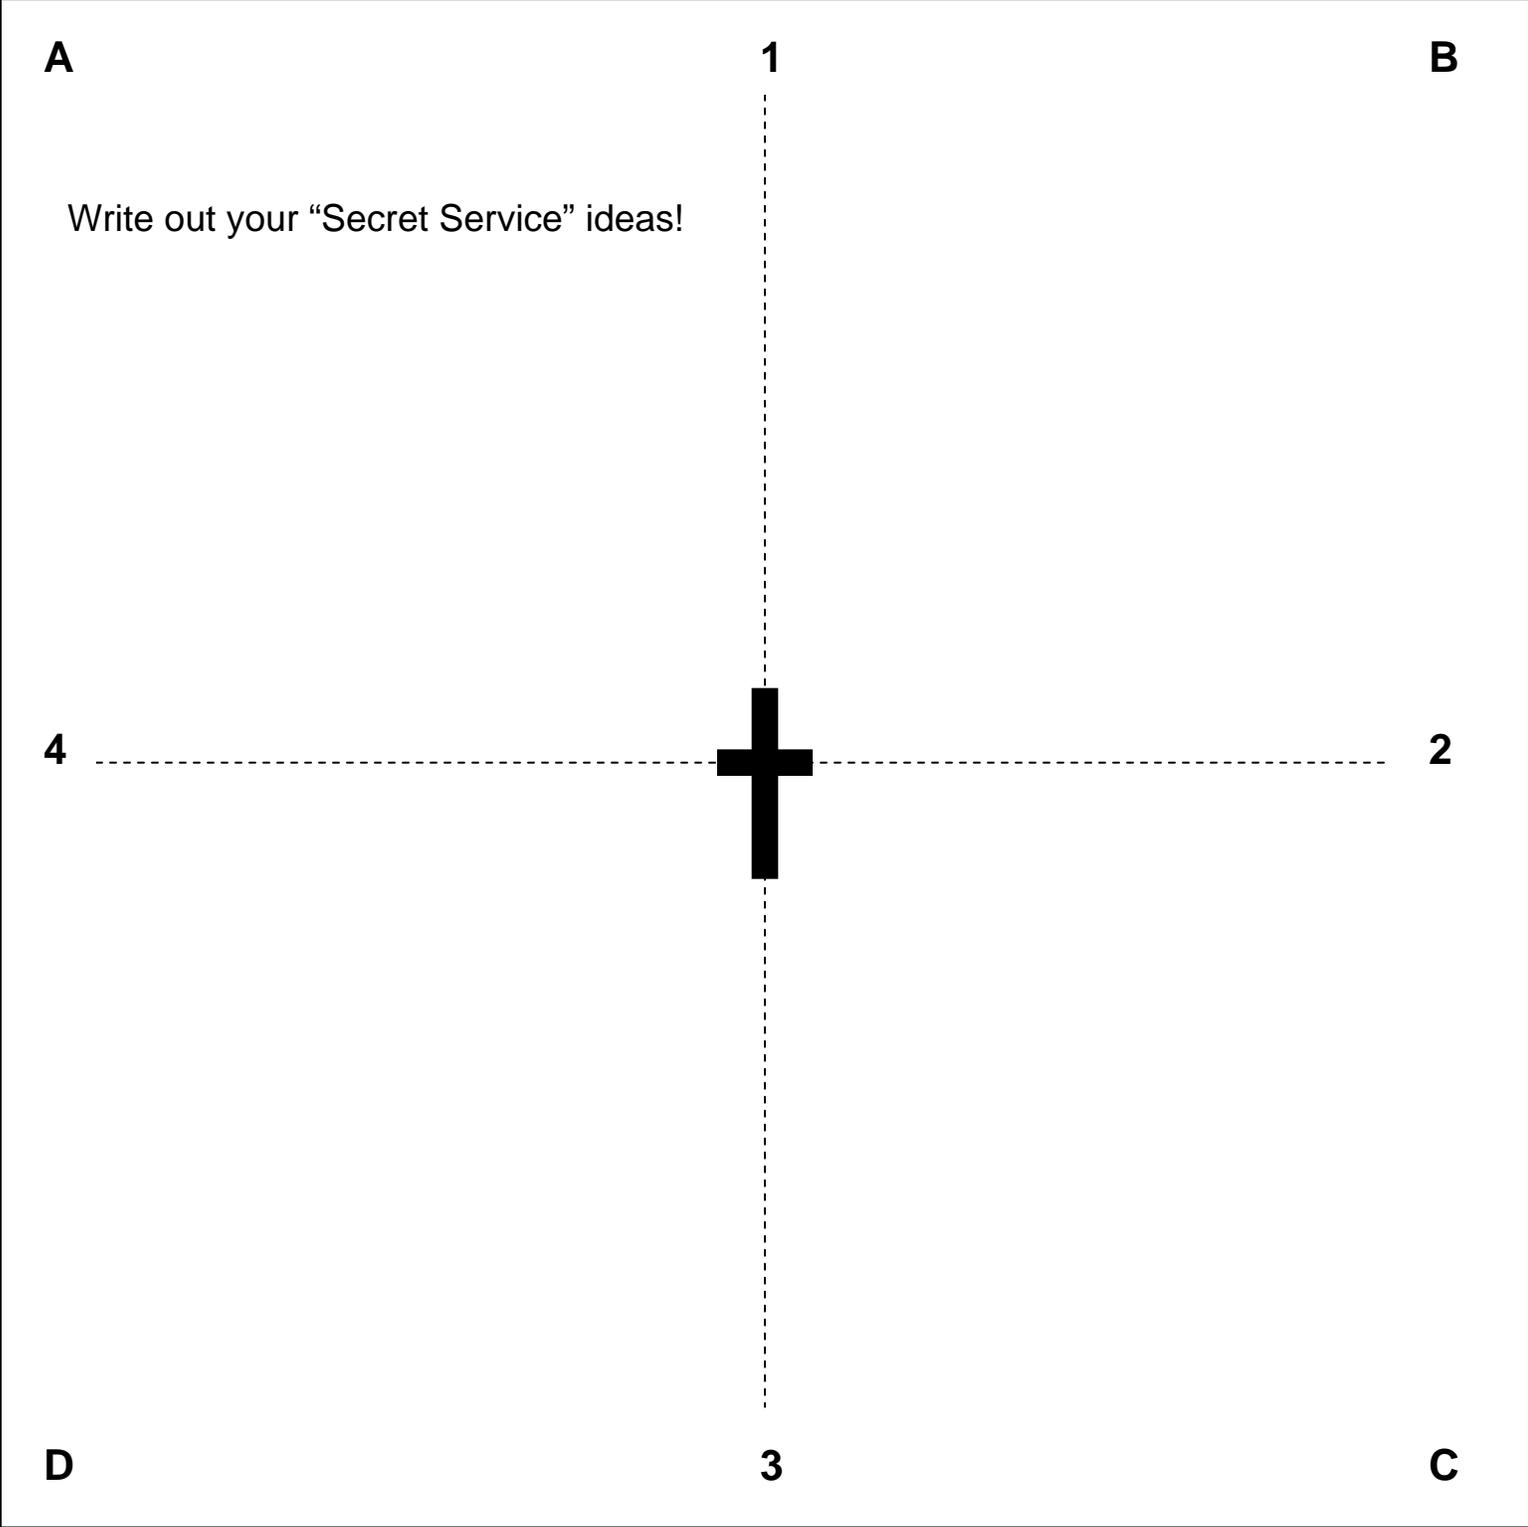

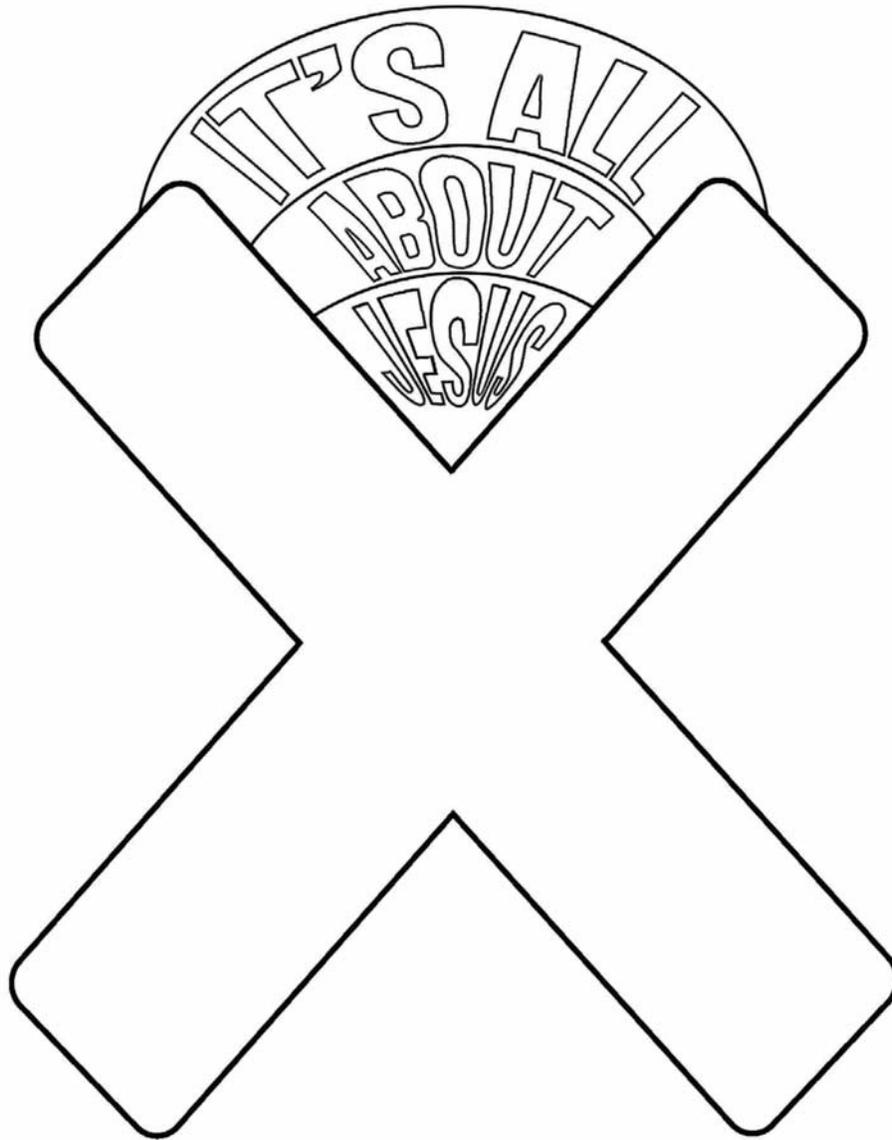

5. Open up the center to show the cross and now you have a cup!

“The Humble Box”

(cut along outside lines)

Attach this clue to the walking stick:

This person was guided by God to be the husband of Mary who would soon be the mother of Jesus.

Attach this clue to the sandals:

Joseph was to guide Mary to their hometown. This was because the government required a census to be taken. Everyone had to go to their hometown. It was prophesied that the Messiah, Jesus, would be born in this town. What town was it?

God wrapped his presents, too.

A Savior, Christ the Lord... you will find lying in a manger.
A Savior, Christ the Lord... you will find lying in a manger.
A Savior, Christ the Lord... you will find lying in a manger.
A Savior, Christ the Lord... you will find lying in a manger.
A Savior, Christ the Lord... you will find lying in a manger.
A Savior, Christ the Lord... you will find lying in a manger.
A Savior, Christ the Lord... you will find lying in a manger.
A Savior, Christ the Lord... you will find lying in a manger.
A Savior, Christ the Lord... you will find lying in a manger.
A Savior, Christ the Lord... you will find lying in a manger.

When God's Son Jesus came into the world, how did God make a special announcement that Jesus was born?

Attach this clue
to a megaphone or microphone.

Appendix for Lesson 32

The hidden object is a pair of binoculars or a magnifying glass. Attached to it is the following clue:

This man waited his whole life to hold the Savior Jesus. Though it had been a long way off for him, it finally happened.)

“Wise Man’s Star”

Plan A – The Advanced Folding Pattern

STEP 1

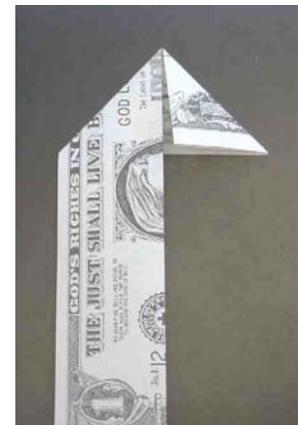

1. Fold Jesus dollar in half horizontally with the crease at the top.

2. Fold down the upper right-hand corner to make triangle.

3. Fold top crease down so that the crease meets the first triangle and the long piece is now vertical.

4. Flip paper over and position horizontally.

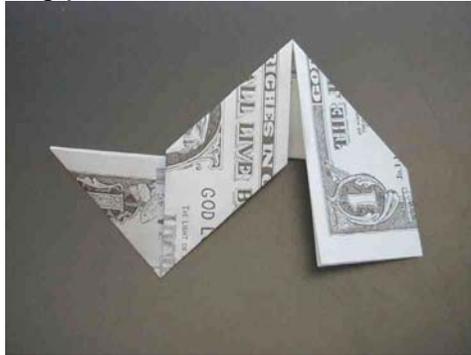

5. Fold the top crease down so that the crease meets the edge of the large triangle. The long piece is now in a vertical position.

6. Flip paper over so the triangle points down.

7. Fold open edges of long piece down to meet the other open edge.

8. Flip it and fold the square into a triangle. Tuck the end in.

9. The finished product should look like two triangles connected at their bases, which, when turned looks like the letter "Z."

STEP 2

1. Take a new dollar bill and fold it horizontally with the crease at the top.
2. Fold up the lower right-hand corner to make a triangle.
3. Fold bottom open edge up so that the open edges meet the first triangle and the long piece is vertical.
4. Flip paper over and position arrow horizontally.
5. Fold the top open edges down so that they meet the edges of the large triangle. The long piece is now in a vertical position.
6. Flip paper over so triangle points down.
7. Fold top crease of long piece down to meet the other creased edge.
8. Flip the bottom square, fold the square into a triangle, and tuck in.
9. The finished product should look like two triangles connected at their bases which, when turned, looks like a backwards letter "Z."

STEP 3

1. Place both dollars in a "Z" position side by side with the first folded dollar on the left. (The first folded dollar has two large triangles facing on the top surface.)

2. Place the left "Z" on top of the right one, turning it to be horizontal and across the center of the bottom "Z."

3. Fold the top edge to the center and tuck it in.

4. Fold the bottom edge to the center and tuck it in.

5. Flip the work of art over.

6. Fold the left side down and tuck it in.

7. Fold the right side down and tuck it in.

8. Voila! A Wise Man's Star!

“Wise Man’s Star”

Simple Folding Instructions

Plan B

1. Crease a dollar down the middle horizontally.
2. Make two triangles at each end by folding corners to the center crease line.
3. Fold each triangle again to line up with center crease.
4. Duplicate with another dollar. You might want to use a different side facing you on this one.
5. Place the two dollars together with one vertical and the other horizontal. Tape the dollars together at the two center points on each side.
