

WHY IT WORKS

Here's The Challenge

*Less than 10% of church families talk regularly about God at home.

1. Why aren't parents spiritually parenting their children at home?

- We haven't really shown parents how to do this.
- Many parents simply don't know how and aren't asking for help.
- Kids don't know what they're missing.

2. How do we fix this problem?

- The church needs a faith-at-home culture valued by pastor and leaders.
- Faith Legacy – an effective tool for training in the home.
 - a. Fourteen different stages throughout their life – Birth through High School graduation.

3. The Blessing

- Blessing Events at each step.
- Parents praying blessings in their home.

4. Parents talking with other parents.

- Develop spiritual bonds – That strengthens the relationships.

5. It doesn't require experts, rather advocates!
