

SUPPLY LIST

Spring Year 4

Lessons 49-58

Kids Kount Publishing recommends using a wide variety of resources with our lessons. This supply list is a guide. Our curriculum is meant to be adaptable, and this includes your selection of supplies. Feel free to substitute videos and crafts similar to the ones suggested. Check for items you may have on hand and adapt as needed. You may be able to use videos from your city library, video rental store, and members of your congregation or other churches.

If you are comfortable ordering over the Internet, new and used sources are available for videos and supplies at various prices.

Your ideas are a major resource in making this curriculum work for your children's ministry. You can help others by emailing your suggestions to info@kidskountpublishing.com.

Fold & Cut Line

Do Not Cut
Dashed Line
↓

Appendix: Pictures of craft in a step by step process.

Step 1: Two strips of paper (8 ½" x 11" sheet cut in half vertically). Tape one end of each strip together to create one long strip

Step 2: Twist the strip once. Tape the remaining two ends together into a circle.

Step 3: With your scissors, cut in the middle of the strip all around the circle.

It will create one large circle.

Step 4: Cut this this circle in half again. It will result in two interlocking circles.

**When the stakes
are great, because
of the mistakes we
make...**

**Don't turn and flee
because _____
says, "Follow
_____"**

Dear Mom,
Your hands have held me,
helped me, and cheered me
on my way.

So my hands are folded
and this is what I pray...

...God bless my mom and help me always be
Thankful for my mother and how she blesses me!

Follow God All The Time

Appendix A: How to fold a paper boat:

Folding a Paper Boat

1) Use a sheet of paper (8 1/2" x 11") and fold the upper half down to meet the bottom edge. (*Scripture verse on the bottom of the reverse side.*)

2) On the fold, crease a line in the middle of the half sheet. (*Scripture verse should be on the back of this half.*)

3) Fold downward both upper corners to the crease.

4) It will look like this.

5) From the bottom, fold the top strip upward.

6) Fold back the two small triangles on the left and on the right to make them disappear so it looks like this.

7) Turn the paper over and fold the other lower strip upwards. You have formed the well-known “hat.”

8) Turn the hat 90 degrees and open it. The thumbs must be inside. Lay the upper and the lower parts on each other.

View from inside the hat.

9) Crease the sides with the bottom points together so it looks like this.

10) Fold the lower front corner upwards to meet the top corner.

11) It will look like this.

12) Turn the paper over and fold up the other lower triangle so it looks like a hat without a brim.

13) Open the hat again so the points come together and form a diamond shape. Crease the fold.

14) Pull the upper corners of the triangles in direction of the arrows.

15) Continue pulling the points out until the boat is formed.

16) It is finished when the sail is just visible above the sides of the boat.

17) Stretch the sides of the boat both to the right and left, and then separate it slightly from underneath so it can float.

***“Do not be afraid,
because I have reclaimed
you. I have called you by name;
you are mine. When you go through
the sea, I am with you.” Isaiah 43:1b-2a***

GOD GIVES COURAGE TO FACE THE STORMS OF LIFE.
